FEATURES:

Premium Line's 24ports wall mount fiber optic box is designed for direct termination of fibers. The box includes two separate sections: one for the fusion splice trays and one for the cable routing. The cable entries/exits are sealed with a flexible grommet, which can be adjusted to the desired cable diameter at installation to protect the inside of the box against dust and debris during and after installation.

- Suitable for SC, ST, FC simplex and LC duplex adapters
- Easy to install and maintain
- Color: grey
- Position of splice cassette adjustable
- Lockable front door
- Dimension 300*350*105 mm
- RoHS compliant

CHARACTERISTICS:

- Perfect and reliable sealing operations
- Splicing, slack storage and distribution
- Easy to operation
- Grounding reliable, protect safe
- Guarantee the curvature radiu
- Apply to extensive field
- Simple installation and maintenance

APPLICATIONS:

- In fiber access, it is designated for fiber termination, protection and distribution.

Premium Line Systems GmbH reserves the right to change specifications without prior notice.
