

FEATURES:

- Unique modular design and full range of accessories allows to assemble a patch panel as needed
- Four adapter slots can be covered by SC, ST, LC, FC-D-flange or blank adapter panels; Support up to 24 ports of SC simplex or LC duplex adaptors to provide up to 48 fibers terminations. The adapter panels are available for unloaded and fully loaded (see page 3&4)
- Equipped with splice cassette of 24 cores and cable routings. For 48 cores, stackable splice cassette (PN673000001) is available for ordering additionally.
- Fits to standard 19" racks; 1U height
- Smooth sliding tray with self lock function, easy to install and maintain
- Material/thickness of body and adapter panels: cold rolled steel/1.4 mm
- Material of splice cassette and cable routing: ABS
- Adapter meets TIA/EIA 568.3-D
- RoHS compliant

*The main body is without adapters and adapter panels, the picture is for reference only.

APPLICATIONS:

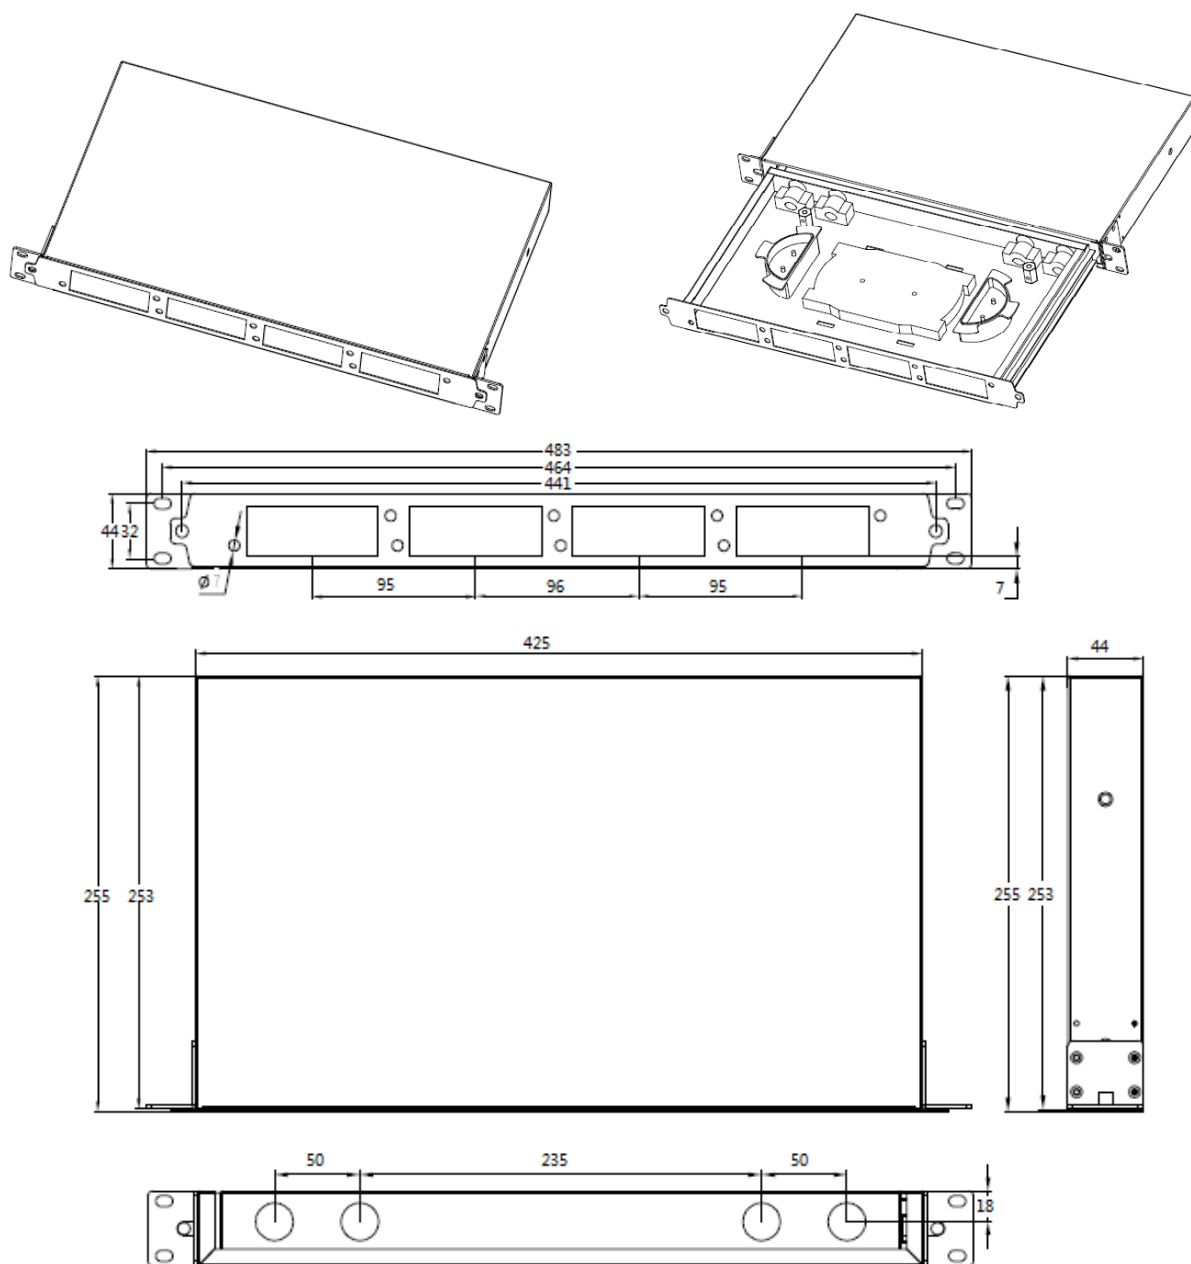

- Telecommunications
- Local Area Network
- FTTH deployments
- CATV
- Provide termination, protection, connection, management of fiber optic cable

ACCESSORIES:

Splice cassette (for 24 fibers)	1pc	Main body rivet	2pcs
Cable routing spool	2pcs	Adapter panel rivet	8pcs
Fiber protection sleeve	24pcs	Adapter set screw	50pcs
Cable tie	12pcs	/	/
